TEACHER KEY · LESSON 8

What should happen

#	EXPECTED RESULT
1	Two copies of a.txt exist: the original and one in Week01
2	b.txt is only in Week01; the original location is empty
3	Name changed; content unchanged; extension intact
4	d.txt is in the recycle bin, not gone
5	d.txt returns to its original folder
6	A duplicate folder with all contents
7	Replace prompt; old content lost; one file remains
8	Two files: .odt editable, .pdf fixed
9	One .zip archive; extracting restores the folder
10	File gone permanently; no recycle bin entry
